

4-Gang Wall Plate, One Decorator, Two GFCI and One USB Opening, Bronze with Patina Brass, 120V/15A

- 4-gang configuration with decorator, dual GFCI and USB openings
- Bronze with patina finish over solid brass construction
- Rated for 120V, 15A residential and light commercial service
- IP20 rated for dry, non-waterproof indoor installations
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-4-D-G-G-U is a 4-gang wall plate configured with one decorator opening, two GFCI openings and one USB opening, finished in bronze with patina and constructed from brass. It suits residential and light commercial wiring where a decorative, period-style finish is paired with mixed device configurations.

The plate is rated for 120V/15A service and carries an IP20 rating, suitable for dry indoor installations. Brass construction provides corrosion resistance for long-term interior use.

The plate is UL listed and backed by a 1-year warranty.
