

4 - Gang Wall Plate, Decorator/GFCI/Toggle/Toggle, Brass, Bronze with Patina Finish, 120V 15A UL Listed

- 4-gang configuration with decorator, GFCI, and two toggle openings
- Brass construction with bronze with patina finish
- Rated for 120 V, 15 A electrical service
- IP20 rated for non-waterproof, dry-location use
- UL listed for compliance verification
- 1-year warranty coverage

OVERVIEW

The C-VTG-BP-4-D-G-T-T is a 4-gang wall plate finished in bronze with patina, configured with one decorator opening, one GFCI opening, and two toggle openings. It is intended for residential and light commercial supply applications where a custom multi-device configuration is required in a single wall plate.

Constructed from brass, the plate is rated for 120 V and 15 A service and carries an IP20 rating, suitable for standard indoor dry-location installations.

The device is UL listed and backed by a 1-year warranty.
