

4-Gang Wall Plate, Decorator/Toggle/USB/USB Openings, Bronze with Patina, 120V 15A

- Four-gang configuration with one decorator, one toggle and two USB openings
- Bronze with patina finish for period-appropriate residential installations
- Brass construction for durability in interior applications
- IP20 rated for non-waterproof, dry-location use
- Rated for 120V circuits at up to 15A
- UL listed with a 1-year warranty

OVERVIEW

The C-VTG-BP-4-D-T-U-U is a 4-gang wall plate finished in bronze with patina, configured with one decorator opening, one toggle opening, and two USB openings. It is intended for residential supply applications where a coordinated, period-appropriate finish is required alongside modern device compatibility.

Constructed from brass with an IP20 rating, the plate is suited for standard interior dry-location installations and is rated for 120V circuits at up to 15A.

The product is UL listed and carries a 1-year warranty.
