

4 - Gang Wall Plate, Four Toggle Openings, Bronze with Patina Brass, 120V/15A

- Four toggle-style (GGGG) device openings for 4-gang installations
- Brass construction in bronze with patina finish
- Rated 120V at 15A for standard residential circuits
- IP20 rated for non-waterproof, dry indoor use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BP-4-G-G-G-G is a 4-gang wall plate finished in bronze with patina, constructed from brass. It accommodates four toggle-style device openings and suits residential or commercial interiors where a vintage-style hardware aesthetic is specified.

The plate is rated for 120V/15A service and carries an IP20 rating, suitable for dry indoor environments classified as non-waterproof. Brass construction provides mechanical durability for finish-grade interior installations.

The product is UL listed and carries a 1-year warranty.
