

4-Gang Wall Plate, Three Decorator Openings and One USB, Bronze with Patina, UL Listed

- 4-gang configuration with three decorator openings and one USB opening
- Constructed of solid brass for durability
- Bronze with patina finish for period-appropriate aesthetic
- Rated IP20 for standard interior, non-waterproof applications
- Compatible with 120V/15A electrical circuits
- UL listed, backed by a 1-year warranty

OVERVIEW

The C-VTG-BP-4-G-G-G-U is a 4-gang wall plate finished in bronze with patina, configured with three decorator openings and one USB opening. It is intended for residential and light commercial wiring applications where a vintage or period-appropriate aesthetic is required alongside modern device compatibility.

The plate is constructed of brass and rated Non-Waterproof with an IP20 environmental rating, suited for standard interior installations. It is compatible with 120V/15A circuits.

The product is UL listed and carries a 1-year warranty.
