

4-Gang Wall Plate, Two Decorator and Two Toggle Openings, Bronze with Patina, Brass, UL Listed

- Four-gang configuration with two decorator and two toggle openings
- Bronze with patina finish over brass construction
- Rated for 120 V / 15 A residential wiring service
- IP20 rated for dry indoor use, Non-Waterproof
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-4-G-G-T-T is a four-gang wall plate finished in bronze with patina, configured with two decorator/rocker-style openings and two toggle switch openings (GGTT). Constructed of brass, it is intended for standard interior residential wiring installations where a vintage aesthetic is desired.

The plate supports 120 V / 15 A service and carries an IP20 rating, suitable for dry indoor environments without protection against direct contact with live parts from the front face. It is rated Non-Waterproof.

The device is UL listed and backed by a 1-year warranty.
