

4 - Gang Brass Wall Plate, Bronze Patina Finish, 120V/15A, UL Listed

- Solid brass construction for long-term durability
 - Bronze with patina finish for period-appropriate hardware appearance
 - Rated for 120 V / 15 A residential circuits
- IP20 environmental rating for dry indoor use
 - UL listed for code-compliant installation
 - 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-4-G-S-S-S is a 4-gang wall plate constructed from brass and finished in bronze with patina, intended for residential wiring applications where a period-appropriate hardware appearance is required. The four-opening configuration fits standard multi-gang wall boxes and accepts compatible device inserts.

The plate is rated for 120 V circuits at 15 A and carries an IP20 environmental rating, suited for dry indoor locations. Construction is solid brass for durability in long-term installations.

The product is UL listed and backed by a 1-year warranty.
