

4-Gang Wall Plate, Bronze with Patina Finish, 120V/15A, UL Listed

- 4-gang configuration for consolidated device mounting
 - Brass plate construction
 - Bronze with patina decorative finish
- Rated for 120V, 15A service
 - IP20 rated, non-waterproof for indoor use
 - UL listed with 1-year warranty

OVERVIEW

The C-VTG-BP-4-G-S-T-T is a 4-gang wall plate finished in bronze with patina, built for residential and light commercial wiring installations where a vintage or aged-metal aesthetic is required alongside standard device compatibility. The brass plate accommodates multiple device openings in a single assembly for consolidated switch and receptacle layouts.

The plate is rated for 120V, 15A service and carries an IP20 environmental rating, classifying it as non-waterproof and intended for indoor, dry-location use.

The device is UL listed and backed by a 1-year warranty.
