

4-Gang Wall Plate, Bronze with Patina Finish, 120V/15A, UL Listed

- 4-gang configuration with brass construction
- Bronze with patina finish for vintage aesthetic
- Rated for 120V, 15A residential electrical service
- IP20 rated, non-waterproof for indoor use
- UL listed for safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-4-G-S-T-U is a 4-gang wall plate finished in bronze with patina, designed for build-your-own residential supply configurations with four configurable device openings. Constructed from brass, it delivers a vintage, aged-metal appearance suited to period-style interiors and decorative electrical installations.

The plate is rated for 120V/15A service and carries a non-waterproof, IP20 environmental rating, making it appropriate for standard indoor residential use. It is UL listed and backed by a 1-year warranty.
