

4 - Gang Toggle Switch Wall Plate, Brass, Bronze with Patina Finish, 120V/15A

- Four toggle switch openings configured as S-S-S-S
- Brass construction with bronze with patina finish
- Rated for 120V/15A residential circuits
- IP20 rated for dry indoor use only
- UL listed for code compliance
- Backed by a 1 - year manufacturer warranty

OVERVIEW

The C-VTG-BP-4-S-S-S-S is a build-your-own 4-gang wall plate assembly featuring four toggle switch openings, finished in bronze with patina over a brass base. It suits residential wiring projects calling for a traditional, aged-metal appearance across multiple switch positions.

The assembly is rated for 120V/15A service and carries an IP20 rating, appropriate for dry indoor environments only. Non-waterproof construction confirms it is not intended for wet or damp locations.

The product is UL listed and backed by a 1-year warranty.
