

4-Gang Wall Plate, One Switch and Three Toggle Openings, Bronze with Patina, 120V/15A

- 4-gang configuration with one switch and three toggle openings
- Brass construction with bronze with patina finish
- Rated 120 V / 15 A for standard residential circuits
- IP20 environmental rating for dry indoor use
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-4-S-T-T-T is a 4-gang decorator wall plate finished in bronze with patina, configured with one switch opening and three toggle openings for residential supply installations. It is intended for period-appropriate or architectural finish applications where standard toggle switch layouts are required across multiple gangs.

Constructed from brass with a bronze patina finish, the plate is rated for 120 V / 15 A service and carries an IP20 environmental rating, suitable for dry indoor locations. It is classified as non-waterproof and intended for standard residential wiring device enclosures.

The unit is UL listed and backed by a 1-year warranty.
