- 4-gang configuration with standard, toggle, and two USB openings
- Brass construction with bronze with patina finish
- Rated for 120V, 15A electrical service
- IP20 rated for dry, non-waterproof indoor locations
- UL listed for compliance verification
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-4-S-T-U-U is a 4-gang wall plate finished in bronze with patina, configured with one standard opening, one toggle switch opening, and two USB openings. It is designed for decorative electrical installations in residential and light commercial environments where a vintage-style finish suits period-appropriate or upscale interior aesthetics.

Constructed from brass with a bronze patina finish, this wall plate is rated for 120V/15A service and carries an IP20 rating for dry indoor, non-waterproof locations.

The device is UL listed and backed by a 1-year warranty.
