

Bronze with Patina 4-Gang Wall Plate, Four Toggle Openings, Brass, UL Listed

- Bronze with patina finish over solid brass construction
- Configured with four toggle switch openings
- Rated for 120V, 15A residential and light commercial circuits
- IP20 rated, non-waterproof, for interior use only
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BP-4-T-T-T-T is a 4-gang wall plate finished in bronze with patina, configured with four toggle openings. It is intended for residential and light commercial supply applications where a period-appropriate or decorative metal finish is required for multi-switch installations.

Constructed from brass, the plate carries an IP20 rating and is classified non-waterproof, suited for interior use rated at 120V/15A. It is backed by a 1-year warranty.

The wall plate is UL listed.
