

4 - Gang Wall Plate, Bronze with Patina, Three Toggle Openings and One USB, 120V/15A

- Bronze with patina finish for traditional residential aesthetic
- Brass construction for durability in wiring device applications
- 4-gang configuration with three toggle openings and one USB opening
- Rated 120V/15A for standard branch circuit installations
- IP20 environmental rating for dry interior, non-waterproof use
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-BP-4-T-T-T-U is a 4-gang wall plate finished in bronze with patina, configured with three toggle openings and one USB opening. It is constructed from brass and intended for residential supply installations where a traditional aesthetic is specified.

The plate is rated 120V/15A for standard branch circuit applications and carries an IP20 environmental rating, suited to non-waterproof, dry interior conditions.

The product is UL listed and backed by a 1-year warranty.
