

4 - Gang Wall Plate, Two Toggle and Two USB Openings, Bronze with Patina, 120V/15A, UL Listed

- Four-gang configuration with two toggle openings and two USB openings
 - Brass construction with bronze with patina finish
 - Rated for 120V/15A service
- IP20 rated for non-waterproof, indoor dry-location use
 - UL listed
 - Backed by a 1-year warranty

OVERVIEW

The C-VTG-BP-4-T-T-U-U is a 4-gang wall plate finished in bronze with patina, configured with two toggle openings and two USB openings. It is intended for residential supply applications where a decorative metal finish is combined with mixed device functionality on a single plate.

Constructed from brass with a bronze patina finish, the plate is rated for 120V/15A service and carries an IP20 rating for standard indoor dry-location use.

The assembly is UL listed and backed by a 1-year warranty.
