

4 - Gang Wall Plate, One Toggle and Three USB Openings, Bronze with Patina, 120V/15A, UL Listed

- Configured with one toggle switch opening and three USB openings
- Bronze with patina finish for a vintage aesthetic
- Rated 120V/15A for standard residential electrical circuits
- Brass construction for durability in decorative wall plate applications
- IP20 environmental rating, non - waterproof, indoor use only
- UL listed with a 1 - year warranty

OVERVIEW

The C-VTG-BP-4-T-U-U-U is a 4-gang wall plate configured with one toggle switch opening and three USB openings, finished in bronze with patina for a vintage aged-metal appearance. It is intended for residential electrical installations where a decorative faceplate is combined with functional switch and USB access points.

Constructed from brass, the plate is rated for 120V/15A service and carries an IP20 environmental rating, classifying it as non-waterproof and suited for indoor, dry-location use only.

The device is UL listed and backed by a 1-year warranty.
