

4 - Gang Wall Plate with Four USB Openings, Bronze with Patina, UL Listed, 120V/15A

- 4-gang configuration with four USB openings
 - Brass construction for durability in interior use
 - Bronze with patina finish for a vintage aesthetic
- UL listed for compliance with electrical safety standards
 - Rated 120V / 15A for standard residential circuits
 - IP20 rated for non-waterproof interior applications

OVERVIEW

The C-VTG-BP-4-U-U-U-U is a 4-gang wall plate finished in bronze with patina, constructed from brass, and configured with four USB openings. It is intended for residential electrical installations where a traditional or vintage aesthetic is specified alongside modern USB device accommodation.

The plate is rated for standard U.S. residential circuits at 120V and 15A. Its brass construction provides durability suited to interior, non-waterproof environments with an IP20 environmental rating.

The product is UL listed and carries a 1-year warranty.

SPECIFICATIONS

OPTICAL
