

5 - Gang Wall Plate, Four Decorator Openings and One Toggle Switch, Bronze with Patina, 15A 120V

- Five-gang configuration with four decorator openings and one toggle switch opening
- Brass construction with bronze with patina finish
- Rated for 120 V circuits at up to 15 A
- IP20 rated for non-waterproof, dry indoor use
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BP-5-D-D-D-D-S is a five-gang wall plate finished in bronze with patina, configured with four decorator-style openings and one toggle switch opening. It is intended for residential supply applications where a period-appropriate or transitional aesthetic is required alongside standard device compatibility.

Constructed from brass, this wall plate is rated for 120 V circuits at up to 15 A and carries an IP20 rating, suitable for dry indoor environments. The bronze with patina finish is applied to complement vintage or traditional interior schemes while maintaining compatibility with standard North American electrical boxes and devices.

The assembly is UL listed and backed by a 1-year warranty.
