

5 - Gang Wall Plate, Three Decorator Openings, One Switch and One Toggle, Bronze with Patina

- Five-gang layout with three decorator openings, one switch, one toggle
- Rated for 120 V / 15 A residential circuits
- Brass construction for durability
- IP20 rating for non-waterproof, dry indoor use
- UL listed for code-compliant installation
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-5-D-D-D-S-T is a five-gang combination wall plate finished in bronze with patina, configured with three decorator openings, one switch, and one toggle device. It suits residential wiring projects requiring a decorative metal finish across a multi-device gang layout.

Constructed from brass, the plate is rated for 120 V / 15 A circuits and carries an IP20 environmental rating for non-waterproof, dry indoor installations.

The device is UL listed and backed by a 1-year warranty.
