

5-Gang Wall Plate, Bronze with Patina, Two Decorator and Three Single Openings, Brass, UL Listed

- Five-gang configuration with two decorator and three single openings
- Brass construction with bronze with patina finish
- Rated for 120 V, 15 A electrical service
- IP20 environmental rating for dry indoor use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BP-5-D-D-S-S-S is a five-gang wall plate finished in bronze with patina, configured with two decorator-style openings and three single-style openings. It is intended for residential wiring applications where a period-appropriate or transitional finish is required with standard electrical device mounting.

Constructed from brass, this wall plate is rated for 120 V, 15 A service and carries an IP20 environmental rating, suitable for dry indoor locations. It is classified as non-waterproof.

The device is UL listed and backed by a 1-year warranty.
