

5 - Gang Wall Plate, Two Decorator, Two Switch and One USB Opening, 120V 15A, Bronze with Patina Brass

- Five-gang layout with two decorator openings, two switch openings and one USB opening
- Rated 120V at 15A for standard residential circuits
- Constructed from solid brass for structural durability
- Bronze with patina finish for a vintage aesthetic
- IP20 rated, suited for dry indoor installations
- UL listed and covered by a 1-year warranty

OVERVIEW

The C-VTG-BP-5-D-D-S-S-U is a five-gang wall plate finished in bronze with patina, configured with two decorator openings, two switch openings and one USB opening. Built from brass, it is intended for residential supply installations requiring multiple device functions on a single plate.

The plate is rated for 120V at 15A and carries an IP20 rating, indicating suitability for dry indoor environments without protection against solid objects smaller than 12mm or moisture exposure.

The device is UL listed and backed by a 1-year warranty.
