

5 - Gang Wall Plate, One Decorator Opening, Bronze with Patina Finish, Brass, UL Listed

- 5-gang configuration with one decorator opening and four gang openings
- Constructed from solid brass for durability
- Bronze with patina finish for an aged, traditional appearance
- Rated for 120 V / 15 A residential wiring service
- IP20 rated for indoor dry-location, non-waterproof installations
- UL listed and covered by a 1-year warranty

OVERVIEW

The C-VTG-BP-5-D-G-G-G-G is a 5-gang wall plate configured with one decorator opening and four standard gang openings, finished in bronze with patina over a brass body. It is intended for residential wiring installations where a traditional, aged-metal aesthetic is paired with mixed device configurations in a single multi-gang plate.

The plate is rated for 120 V / 15 A service and carries an IP20 rating with a non-waterproof environmental rating, suitable for standard indoor dry-location installations.

The product is UL listed and backed by a 1-year warranty.

SPECIFICATIONS
