

5 - Gang Brass Wall Plate, Decorator, Dual GFCI, Toggle Switch and USB, Bronze Patina Finish

- Five-gang brass plate with decorator, dual GFCI, toggle switch and USB openings
- Bronze with patina finish over solid brass construction
- Rated for 120 V circuits at up to 15 A
- IP20 rated for indoor, non-waterproof installations
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BP-5-D-G-G-S-U is a 5-gang brass wall plate combining one decorator opening, two GFCI receptacle openings, one toggle switch opening and one USB opening in a single configurable unit. It is built for residential and boutique commercial wiring layouts that require multiple device types consolidated into one plate.

The plate is finished in bronze with patina over a brass body, rated for 120 V circuits at up to 15 A, with an IP20 environmental rating suited to indoor, non-waterproof locations. It carries a 1-year warranty and is UL listed.
