

5 - Gang Wall Plate, Decorator, GFCI, Switch and Two Toggle Openings, Bronze with Patina, 120V/15A

- Brass construction with bronze with patina finish
- 5-gang layout: decorator, GFCI, switch and two toggle openings
- Rated 120V/15A for standard branch circuit service
- IP20 rating for dry, non-waterproof indoor installation
- UL listed
- 1-year warranty

OVERVIEW

The C-VTG-BP-5-D-G-S-T-T is a 5-gang wall plate finished in bronze with patina, machined from brass. The configuration provides one decorator opening, one GFCI opening, one switch opening and two toggle openings, allowing multiple device types to be combined on a single plate for residential and commercial interiors where a vintage aesthetic is specified.

The plate is rated for 120V/15A service and carries an IP20 rating, indicating suitability for dry indoor locations rather than wet or damp environments. The brass body provides dimensional stability for long-term wall-mounted installation.

The assembly is UL listed and backed by a 1-year warranty.
