- Five-gang configuration with decorator, toggle, and dual USB openings
- Brass construction for durability and corrosion resistance
- Bronze with patina finish for a traditional decorative look
- Rated for 120V/15A electrical service
- IP20 rated for dry indoor locations
- UL listed with a 1 -year warranty

OVERVIEW

The C-VTG-BP-5-D-G-T-U-U is a 5-gang wall plate finished in bronze with patina, designed for decorative interior electrical installations where a traditional or vintage aesthetic is required. The five-gang configuration includes a decorator opening, a toggle opening, and dual USB openings, allowing a mix of switch and charging device styles on a single plate. Constructed from brass, it is suited for use in upscale residential and light commercial environments where finish consistency and material quality are priorities.

This wall plate is rated for 120V/15A service and carries an IP20 rating, indicating suitability for dry indoor locations. The brass construction provides durability and corrosion resistance appropriate for long-term interior use.

The product is UL listed and backed by a 1-year warranty.
