

Bronze with Patina 5 - Gang Residential Wall Plate, UL Listed, 120V/15A

- Five-gang configuration with one decorator opening, one GFCI opening, and three USB openings
 - Finished in bronze with patina for a vintage, aged-metal appearance
- Constructed from solid brass for structural durability
 - UL listed for verified electrical safety compliance
 - Rated for 120V, 15A residential electrical circuits
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-5-D-G-U-U-U is a five-gang residential wall plate finished in bronze with patina, designed for decorative interior electrical installations where a vintage or aged-metal aesthetic is required. The configuration includes one decorator opening, one GFCI opening, and three USB openings, allowing multiple device types to be integrated into a single plate. Constructed from brass, it is suited for use in upscale residential and boutique commercial environments where finish consistency and material quality are priorities. The plate is UL listed and rated for 120V/15A circuits, and it carries a 1-year warranty.
