

5 - Gang Brass Wall Plate, Decorator, Two Switch and Two Toggle Openings, Bronze Patina, 120V/15A

- Brass construction rated for 120V service at up to 15A
- IP20 rating suited to dry indoor, non-waterproof environments
- Bronze with patina finish for a period-appropriate appearance
- Five-gang layout with one decorator, two switch and two toggle openings
- UL listed device
- Backed by a 1-year warranty

OVERVIEW

This 5-gang wall plate combines one decorator opening, two switch openings and two toggle openings in a single brass frame finished in bronze with patina. It is intended for residential supply applications where a period-appropriate or decorative finish is needed alongside multi-device gang accommodation.

Constructed from brass, the plate is rated for 120V service at up to 15A and carries an IP20 rating, making it suitable for dry indoor environments where waterproofing is not required.

The device is UL listed and backed by a 1-year warranty.
