

Five-Gang Wall Plate, One Decorator, One Switch, Three Toggle Openings, 120V 15A, Bronze with Patina

- Five-gang layout: one decorator, one switch and three toggle openings
- Brass construction with bronze with patina finish
- Rated for 120V / 15A electrical service
- IP20 environmental rating for indoor dry locations
- UL listed for compliance assurance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-5-D-S-T-T-T is a five-gang combination wall plate finished in bronze with patina, configured with one decorator opening, one switch opening, and three toggle openings. It is intended for residential supply applications where a custom multi-gang configuration is required in a single faceplate.

Constructed from brass with a bronze patina finish, this plate is rated for 120V / 15A service and carries an IP20 environmental rating, suitable for standard indoor dry locations.

The device is UL listed and backed by a 1-year warranty.
