

5 - Gang Wall Plate, Bronze with Patina Finish, Brass, 120V/15A, UL Listed

- Five-gang layout with four decorator-style openings and one toggle opening
- Brass construction with bronze with patina finish
- Rated 120 V / 15 A for standard residential circuits
- IP20 rating suited to dry indoor installation
- UL listed for verified compliance
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-5-G-G-G-G-T is a five-gang wall plate finished in bronze with patina, configured with four decorator-style openings and one toggle opening (GGGGT). Constructed from brass, it is intended for residential wiring installations where an aged or vintage aesthetic is required alongside standard decorator and toggle device layouts.

The plate is rated for 120 V / 15 A service and carries an IP20 rating, indicating suitability for dry indoor environments only.

The unit is UL listed and backed by a 1-year warranty.
