

5 - Gang Brass Wall Plate, Bronze with Patina Finish, 120V/15A, UL Listed

- 5-gang brass wall plate with bronze patina finish
- GGSSU layout: two decorator, two toggle switch, one USB opening
- Rated for 120V, 15A residential circuits
- IP20 rated for non-waterproof interior installations
- UL listed for compliance with electrical safety standards
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-5-G-G-S-S-U is a 5-gang brass wall plate finished in bronze with patina, designed for residential supply applications where a traditional or vintage aesthetic is required. The GGSSU configuration provides two decorator openings, two toggle switch openings, and one USB opening for mixed-device installations.

Constructed from brass with a bronze patina finish, the plate is rated for 120V, 15A circuits and carries an IP20 environmental rating for non-waterproof, interior use.

The device is UL listed and backed by a 1-year warranty.
