

5 - Gang Wall Plate, Bronze with Patina Brass Finish, 120V/15A, UL Listed

- 5-gang configuration with two decorator openings, one standard opening, and two toggle openings
- Brass construction with bronze with patina finish
- Rated for 120V at 15A
- UL listed for compliance verification
- IP20 environmental rating, non-waterproof
- 1-year warranty coverage

OVERVIEW

The C-VTG-BP-5-G-G-S-T-T is a 5-gang wall plate finished in bronze with patina, constructed from brass. It is designed for residential supply applications where a period-appropriate metal finish is required alongside a multi-device configuration.

The plate accommodates five gang positions in a G-G-S-T-T layout: two decorator openings, one standard device opening, and two toggle switch openings. Brass construction supports a 120V, 15A rating and provides a consistent finish for architectural and interior specification work.

The assembly is UL listed and carries a 1-year warranty.
