

5 - Gang Wall Plate, Bronze Patina Finish, Brass, 120V/15A, UL Listed

- Solid brass construction with bronze patina finish
- 5-gang wall plate with two ground and three unoccupied openings
- Rated for 120V service at 15A
- IP20 rated for non-waterproof indoor use
- UL listed
- 1-year warranty

OVERVIEW

The C-VTG-BP-5-G-G-U-U-U is a 5-gang brass wall plate finished in bronze with patina, built for residential supply configurations with two ground openings and three unoccupied openings. It suits contractors and property managers fitting a period-appropriate decorative cover over standard multi-gang electrical boxes.

The plate is rated for 120 V service at 15 A and carries an IP20 environmental rating for non-waterproof, indoor use. Solid brass construction supports the bronze patina finish for a consistent vintage appearance across gang configurations.

The assembly is UL listed and backed by a 1-year warranty.
