

5 - Gang Combination Wall Plate, Ground/Switch/Triple Toggle, 120V/15A, Bronze with Patina

- 5-gang brass wall plate with bronze with patina finish
- Configured with one ground, one switch, and three toggle openings
- Rated for 120V / 15A electrical service
- IP20 rating for indoor, non-waterproof installations
- UL listed construction
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-5-G-S-T-T-T is a 5-gang combination wall plate finished in bronze with patina, configured with one ground opening, one switch opening, and three toggle openings. It is intended for residential supply applications where a single decorative cover plate must accommodate multiple device types in one location.

Constructed from brass with a bronze patina finish, the plate is rated for 120 V / 15 A service and carries an IP20 environmental rating, indicating suitability for standard indoor dry locations rather than wet or damp environments.

The assembly is UL listed and backed by a 1-year warranty.
