

5 - Gang Wall Plate, GFCI, Switch and Three USB Openings, Bronze Patina Finish, 120V 15A, UL Listed

- Brass construction with bronze patina finish
 - 5-gang layout with GFCI, switch and three USB openings
 - Rated 120V, 15A for standard residential circuits
- IP20 rated, non-waterproof environmental classification
 - UL listed for safety compliance
 - 1-year warranty coverage

OVERVIEW

The C-VTG-BP-5-G-S-U-U-U is a 5-gang brass wall plate finished in bronze with patina, configured with one GFCI opening, one toggle switch opening and three USB openings. It is intended for residential supply applications where a vintage or period-appropriate aesthetic is required alongside modern device functionality.

The plate is rated for 120V, 15A circuits and carries an IP20 environmental rating, classifying it as non-waterproof for indoor use. Brass construction supports the decorative bronze patina finish specified for this configuration.

The assembly is UL listed and backed by a 1-year warranty.
