

5 - Gang Brass Wall Plate, Bronze with Patina Finish, 120V/15A, UL Listed

- 5-gang configuration with one decorator opening, three toggle openings, one USB opening
- Solid brass construction with bronze patina finish
- Rated for 120 V / 15 A electrical service
- IP20 rated for standard interior dry-location use
- UL listed
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-5-G-T-T-T-U is a 5-gang brass wall plate finished in bronze with patina, configured with one decorator-style opening, three toggle switch openings, and one USB opening. Designed for residential supply applications where period-appropriate or vintage-style aesthetics are specified, this plate suits renovation and custom construction projects requiring a durable metal faceplate with a distinctive aged finish.

Constructed from brass with a bronze patina finish, the plate is rated for 120 V / 15 A service and carries an IP20 rating, suitable for standard interior dry-location installations.

The plate is UL listed and carries a 1-year warranty.
