

5 - Gang Wall Plate with Three Switch, One Toggle and One USB Openings, Bronze with Patina, 120V/15A

- 5 - gang layout with three switch, one toggle and one USB openings
- Rated 120V/15A for standard branch circuit wiring
- Brass construction in bronze with patina finish
- UL listed for verified electrical compliance
- IP20 rated, non - waterproof, for dry indoor use
- 1 - year manufacturer warranty

OVERVIEW

The C-VTG-BP-5-S-S-S-T-U is a 5 - gang wall plate finished in bronze with patina, configured with three switch openings, one toggle opening and one USB opening. It is intended for residential and commercial supply applications where a traditional aesthetic is required alongside modern device functionality.

Constructed from brass, the plate is rated for 120V/15A service and carries an IP20 classification, making it suitable for dry indoor environments. The brass build offers durability appropriate for long - term multi - device wall installations.

The plate is UL listed and backed by a 1 - year warranty.
