

5 - Gang Wall Plate, Switch, Toggle and Three USB Openings, Bronze with Patina, Brass, UL Listed

- Five-gang configuration with switch, toggle and three USB openings
- Bronze with patina finish over solid brass construction
- Rated 120 V / 15 A for standard residential circuits
- IP20 rated for dry, non-waterproof interior locations
- UL listed for verified safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-5-S-T-U-U-U is a five-gang wall plate configured with one switch opening, one toggle opening and three USB openings, finished in bronze with patina over solid brass construction. It suits residential and light commercial interiors where a traditional finish is paired with modern USB charging capability.

The plate is rated for 120 V / 15 A service at an IP20 environmental rating, intended for standard interior dry-location installations. It is UL listed and carries a 1-year warranty.
