

Bronze with Patina 5-Gang Wall Plate, Three Toggle and Two Duplex Openings, 120V 15A

- Configured for three toggle switches and two duplex receptacles
- Brass construction with bronze-with-patina finish
- Rated for 120V / 15A circuits
- IP20 rating for non-waterproof, dry indoor use
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BP-5-T-T-T-U-U is a 5-gang wall plate finished in bronze with patina, configured with three toggle switch openings and two duplex receptacle openings. It is suited for commercial and residential wiring applications requiring a coordinated, period-appropriate finish across multi-device installations.

Constructed from brass, the plate is rated for 120V / 15A circuits and carries an IP20 rating, indicating suitability for dry indoor environments. The bronze-with-patina finish provides a consistent aesthetic for retrofit or new construction projects specifying traditional hardware.

The assembly is UL listed and backed by a 1-year warranty.
