

5 - Gang Wall Plate, One Toggle Switch and Four USB Openings, Bronze with Patina, UL Listed

- Configured with one toggle switch opening and four USB openings
- Brass construction with bronze with patina finish
- Rated for 120V circuits at 15A
- IP20 rated, non-waterproof for dry indoor use
- UL listed
- 1-year warranty

OVERVIEW

The C-VTG-BP-5-T-U-U-U-U is a 5-gang wall plate configured with one toggle switch opening and four USB openings, finished in bronze with patina for a vintage aged-metal appearance. It is intended for decorative interior electrical installations in residential and light commercial settings where finish consistency and material quality are priorities.

Constructed from brass and rated for 120V/15A circuits, the plate carries an IP20 environmental rating and is classified non-waterproof, indicating suitability for dry indoor locations only.

The device is UL listed and backed by a 1-year warranty.
