

Brass Rotary Dimmer Switch, Single Gang, 120V AC, IP20, UL Listed

OVERVIEW

The C-VTG-DI-AB is a single-gang rotary dimmer switch designed for 120V AC residential and light commercial applications. The handcrafted vintage brass plate provides a period-appropriate aesthetic suitable for hospitality, boutique retail, and restoration projects. Note that as a handmade brass component, minor chromatic variation between units is inherent to the manufacturing process.

The switch operates on 120V AC using a Triac/Leading Edge dimming protocol and carries an IP20 environmental rating, making it suitable for dry indoor locations only. The brass faceplate measures 72 x 120 mm with a rated service life of 50,000 hours.

This product is UL listed under file E511941. A 1-year manufacturer warranty applies.

SPECIFICATIONS

IP rating	IP20	Rated life	50000 hours
Input voltage	120 V	Warranty	1 years
Dimensions	72x120mm / 120x120mm	Weight	0.5 lb
