

Satin Brass 1 - Gang Wiring Device Wall Plate, 120V / 15A, UL Listed

- Single-gang configuration for standard wall box installations
 - Satin brass finish over solid brass construction
 - Rated 120V / 15A for standard residential and commercial circuits
- IP20 rated, classified Non-Waterproof for dry interior use only
 - UL listed for code-compliant installation
 - Backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-1-S is a single-gang wall plate finished in satin brass, intended for use with a wiring device rated 120V / 15A. It fits standard single-gang electrical box installations where a durable, decorative cover plate is required.

Constructed from brass with a satin finish, the plate is rated IP20 and classified Non-Waterproof, suitable for dry interior environments only.

The device is UL listed and carries a 1-year warranty.
