

Satin Brass 1 - Gang T Wiring Device Wall Plate, 120V/15A, UL Listed

- Single-gang wall plate with T-style device opening
 - Satin brass finish over brass construction
 - Rated for 120V, 15A service
- IP20 rated for dry, non-waterproof interior use
 - UL listed
 - Backed by 1-year warranty

OVERVIEW

The C-VTG-SB-1-T is a satin brass single-gang wall plate configured for a T-style wiring device opening, suited for residential and light commercial interior installations. The satin brass finish offers a traditional appearance appropriate for standard decor and trim packages.

The plate is rated for 120 V and 15 A service, with an IP20 rating indicating use in dry, non-waterproof interior environments. Brass construction provides mechanical durability for standard wall-mounted device applications.

The device is UL listed and carries a 1-year warranty.
