

Satin Brass 2-Gang Wall Plate, 15A 120V, UL Listed Brass Construction

- Two-gang configuration for dual-device installations
- Satin brass finish over solid brass construction
- Rated for 120 V circuits at 15 A maximum current
- IP20 rated for non-waterproof, indoor applications
- UL listed for verified compliance
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-2-G-G is a satin brass 2-gang wall plate configured for residential supply applications, providing a coordinated finish for dual-device installations such as switches or receptacles.

Constructed of brass with a satin brass finish, the plate carries an IP20 rating for non-waterproof, indoor use and is rated for 120 V circuits at 15 A. It is UL listed for compliance verification on residential and light commercial jobs.

The plate is backed by a 1-year warranty.
