

Satin Brass 2-Gang Wiring Device Plate, 120V 15A, UL Listed

- Satin brass finish over solid brass construction
 - 2-gang configuration for dual device openings
 - Rated for 120V/15A residential and light commercial circuits
- IP20 rated for dry indoor, non-waterproof environments
 - UL listed for code compliance
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SB-2-S-U is a satin brass 2-gang wiring device plate designed for standard duplex receptacle and switch configurations. It is suited for residential and light commercial interior installations where a refined metal finish is specified in place of standard plastic wallplates.

Constructed from brass with a satin finish, this device plate is rated for 120V/15A circuits and carries an IP20 rating, indicating suitability for dry indoor environments.

The unit is UL listed and backed by a 1-year warranty.
