

3-Gang Decorator Wall Plate, Satin Brass Finish, 15A 120V, UL Listed

- Three-gang decorator wall plate with three matching decorator openings
 - Solid brass construction with satin brass finish
 - Rated 15 A at 120 V for standard residential branch circuits
- IP20 environmental rating, non-waterproof, indoor dry-location use
 - UL listed device
 - Backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-3-G-G-G is a three-gang decorator wall plate finished in satin brass, configured with three matching decorator openings (GGG) for residential supply installations. It serves as a durable metal cover plate over standard decorator-style switches or receptacles.

The plate is constructed of solid brass and rated 15 A at 120 V, matching standard residential branch circuit devices. It carries an IP20 environmental rating and is classified non-waterproof, suitable for indoor dry-location use only.

The device is UL listed and backed by a 1-year warranty.
