

Satin Brass 3-Gang Wall Plate, Duplex/Switch/USB Openings, 120V/15A, UL Listed

- 3-gang wall plate configuration with duplex, switch and USB openings
 - Satin brass finish over solid brass construction
 - Rated 120V at 15A for standard residential circuits
- IP20 rated, classified non-waterproof for interior use
 - UL listed for code-compliant installation
 - Backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-3-G-S-U is a satin brass 3-gang wall plate configured with a duplex opening, a toggle switch opening, and a USB opening. It is built for residential wiring projects where a coordinated finish is required across multiple device types at a single location.

The plate is rated 120V/15A and constructed of brass with a satin brass finish for a consistent appearance across build-your-own configurations. It carries an IP20 rating and is classified non-waterproof, suited to standard interior installations.

The product is UL listed and backed by a 1-year warranty.
