

3-Gang Wall Plate, Satin Brass Finish, One Device Opening and Two USB Openings, 15A/120V

- Satin brass finish for a residential decorative wall plate
 - 3-gang configuration with one device opening and two USB openings
 - Brass material construction for durability
- Rated 15 A at 120 V for standard wiring device circuits
 - IP20 rated for non-waterproof, indoor installation
 - UL listed and backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-3-G-U-U is a satin brass 3-gang wall plate configured with one standard device opening and two USB openings, intended for residential and light commercial electrical installations. It is used to finish multi-gang switch, receptacle, or USB combination assemblies in wall-mounted wiring devices.

The plate is constructed of brass and rated for 15 A at 120 V. It carries an IP20 environmental rating for non-waterproof, indoor use.

The product is UL listed and backed by a 1-year warranty.
