

3-Gang Toggle Switch Wallplate, Satin Brass, 120V 15A, UL Listed

- Three-gang wallplate with three toggle switch openings
- Solid brass construction with satin brass finish
- Rated 120V at 15A for standard residential circuits
- IP20 environmental rating for dry indoor locations
- UL listed for electrical safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SB-3-S-T-T is a satin brass 3-gang wallplate configured with three toggle switch openings, intended for residential and light commercial interior electrical installations where a finished metal switch plate is required across three gang positions. It pairs with standard toggle-style switches in multi-switch wall locations such as hallways, entryways and utility rooms.

The plate is rated for 120V at 15A and is constructed of solid brass with a satin brass finish, carrying an IP20, non-waterproof environmental rating suited to dry indoor locations.

The device is UL listed and backed by a 1-year warranty.
