

Satin Brass 3-Gang Wall Plate with Toggle Switch and Two USB Openings, 120V/15A, UL Listed

- Three-gang configuration with one toggle switch and two USB openings
- Rated 120V at 15A for standard residential circuits
- Satin brass finish over solid brass construction
- IP20 rated for dry indoor locations only
- UL listed device with a 1-year warranty

OVERVIEW

The C-VTG-SB-3-T-U-U is a satin brass 3-gang wall plate configured with one toggle switch opening and two USB openings, intended for residential supply installations where switching and USB charging are combined in a single cover plate. The brass construction and satin finish provide a coordinated, durable appearance for multi-gang interior electrical setups.

The plate is rated for 120V operation at 15A and carries an IP20 rating with a Non-Waterproof environmental rating, indicating suitability for standard dry indoor locations rather than wet or damp areas.

The device is UL listed and backed by a 1-year warranty.
