- Four-gang configuration with three decorator openings and one USB opening
- Constructed of brass with a satin brass finish
- Rated 120V at 15A for standard residential circuits
- IP20 rated, classified non-waterproof for interior use
- UL listed device
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-4-D-D-D-U is a satin brass 4-gang wall plate configured with three decorator openings and one USB opening, intended for residential and light commercial wiring applications. It is part of a build-your-own residence supply series that allows contractors and electricians to specify gang count and device configuration to match project requirements.

The plate is rated for 120V/15A circuits and constructed of brass with a satin brass finish. It carries an IP20 rating and is classified non-waterproof, suitable for standard interior installations.

The device is UL listed and backed by a 1-year warranty.
